NEW YORK, June 15.—Recurrence of last week's selling unsettled today's stock market. Sovere losses were sustained by shippings, oils, motors equipments and independent steels. Sales approximated 1,450,000 shares.

Renewed covering of short contracts was prompted at the opening by the unexpected reduction of the Bank of England discount rate. Studebaker was again the most conspicuous feature, 3,000 shares changing hands at an extreme advance of one point. Mexican Petroleum. Coca Cola. Mack Trucks and several of the junior rails, including New York. Chicago & St. Louis and Peoria & Eastern, also strengthened. Mercantile Marine preferred was the only weak issue, making a further decline of 1½ points on the unfavorable outlook for the shipping trade.
